## CHURCH STREET, BRIDGWATER

Brownfield Site – 3 Dwellings – Residential

**Description of works:**

This site involved the construction of a pair of semi-detached three bedroom units along with a detached two bedroom unit to the rear of the site. This was a brownfield site, which required the demolition of the former Anderson & Wall Motor Showroom prior to construction works.

All units were constructed to high specification and fully complied with all planning permission requirements. These units came with a 10 year Build Zone warranty.

Each unit had a red sandstone façade to the front elevation, with a painted sand and cement render to all other elevations. All windows were uPVC sliding sash design to remain in keeping with the rest of the street, which is conservation area.
