

THE GREEN AT WEMBDON

Community Hall – Meeting Rooms – Sports Facilities

Est 1946

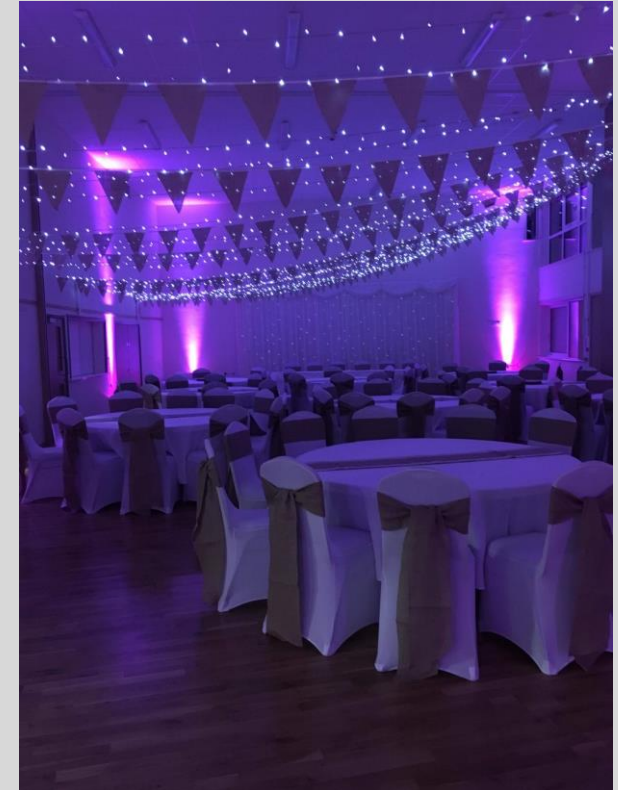

Description of Work:

Harris Bros and Collard Ltd were appointed by Nixey Powell Partnership Ltd in the summer of 2016 to commence the completion works of the new sports facilities in the village of Wembdon, Bridgwater. These completion works were following insolvency of the previous main contractor who was working under a design and build contract.

When we took over the site the shell works were complete. We began all internal and external works for the official handover and completion in May 2017. Such works include plastering, screed, decorations, first and second fix mechanical and electrical, first and second fix carpentry, floor finishes, ceiling finishes, new paving, tarmac, gravelling, construction of access bridge and forming of car parks.

Due to the previous circumstances of this project were contracted under a JCT Intermediate Building Contract (2011) with contractor’s design (for mechanical and electrical works).

The works were completed within the 26 weeks contracted.
