PENROSE NURSERY

Refurbishment - Education - Specialist Facilities

Est 1946

Description of works:

Penrose School in Bridgewater is a school for pupils with profound and multiple learning difficulties aged 3-19, serving the communities of Sedgemoor and surrounding districts.

Works comprised the internal reconfiguration of an existing educational facility to create a children's nursery and associated external landscaping works.

The works included the following:

☐ External hard landscaping works

□ Forming demountable partitions to create new rooms
□ Insertion of new external doors and windows
□ Replacement of existing external doors
□ Installation of new plumbing and associated sanitaryware
□ Installation of new exterior canopy
